

## **Chairperson's Report of Parent-Teacher Association 2014 - 15**

Dear Father Supervisor, Principal, Parents and Students,

Lots of activities were organized by the PTA committee members, parent helpers and teachers last year. We hoped that students would love the school and life more by participating in different activities happily.

What's more, there were parents' talks helping them to better understand the psychological and physical development of their child, and to be a smart parent to tackle teenage problems without great pressure. It is hoped that there is support to our students not only at school but also at home.

There is a close relationship between the PTA and the school. We help and give suggestions on improving school facilities or teaching pedagogy in order to provide a better environment for the development of our students.

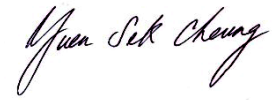

Cooperation and trust between parent and teacher committee members made things go smoothly last year. Therefore, I would like to thank all the committee members and parent helpers for their contribution!

I hope the PTA this year would be more successful!

Wish you all great health and happiness!

Mr. Yuen Sek
